Education

- **Dayananda Sagar College of Engineering, Bengaluru** — CPI: 8.91 (Till 4th semester)
  Bachelor of Technology, Data Science — *2024-Present*
- **Teresa International Academy Patna** — Percentage: 80.2
  Higher Secondary Education, C.B.S.E — *2023*
- **DR. G.L. DUTTA D.A.V. Public School Patna** — Percentage: 88.2
  Secondary Education, C.B.S.E — *2021*

Personal Projects

- **Personal Task Automator** — April 2025 - June 2025
  Built an AI-assisted task management and productivity platform. — *Source Code*
  - **Tools & technologies used:** Node.js, Express.js, JavaScript, SQLite, REST APIs.
  - Built a full-stack **task management application** with REST APIs for CRUD operations and task prioritization.
  - Implemented **AI-assisted task prioritization** using deadlines and priority levels.
  - Built a **statistics dashboard and task-history tracker** for productivity and task monitoring.
  - Ensured data reliability using **SQLite transactions, prepared statements, validation, and error handling**.
- **QR-Based Attendance System** — March 2025 - April 2025
  Developed a secure, role-based QR attendance platform. — *Source Code*
  - **Tools & technologies used:** Node.js, Express.js, MongoDB, Mongoose, JWT, bcrypt.
  - Built a **role-based attendance platform** for students, employees, and administrators.
  - Implemented **QR-based attendance verification** with QR generation and scanning.
  - Designed **user and admin workflows** with institution, course, and event management.
  - Integrated **OTP verification and JWT authentication** with bcrypt for secure access.
- **StayLux** — March 2025 - April 2025
  Developed a full-stack hotel booking and management platform. — *Source Code*
  - **Tools & technologies used:** React, FastAPI, SQLAlchemy, PostgreSQL, JWT, Docker.
  - Developed a full-stack **hotel booking platform** for room booking, cancellation, and management.
  - Implemented **JWT authentication and role-based access** for secure user and admin workflows.
  - Built an **admin dashboard** for bookings, revenue, occupancy, and room management.
  - Designed a **relational database architecture** and containerized the application using Docker.

Technical Skills

Languages: C, C++, Python, JavaScript, HTML/CSS
Frameworks: React.js, Node.js, Express.js, Tailwind CSS
Databases: MongoDB Atlas, SQLite
Tools: Git, GitHub, VS Code, Postman, npm, Linux
Coursework: Data Structures & Algorithms, OOPs, Operating Systems, DBMS, Machine Learning

Certifications

Web Development: The Complete Web Development Bootcamp – Udemy
AWS: Amazon Web Services (AWS) Cloud Club, DSCE – Active Member

Coding Profile

- Solved **500+ problems** across **LeetCode, Codeforces, and GeeksforGeeks**.

Position of Responsibility

Amazon Web Services (AWS) Cloud Club, DSCE — 2024-Present
Member – Dayananda Sagar College of Engineering
